**Thank you for everything. You always been there for us when we were having a hard time. Thank you for all the snacks you brought ; it made us full. Especially thank you for helping us with our homework that you gave us a good grade. When we don't understand you broke it down for us so thank you for all the great things you did and may it come back to you once and for all. Thank you for what you did to help me on my math homework. You didn't have to do it. I'm glad someone like you could help me to get through it. I'll always think of you with a glad and grateful heart. You are very special. I knew it from the start!**
