RE: Appreciation of your role on the panel of SLS majors who visited KapCC

Dear Kaan:

We are writing to express our sincere thanks for your participation on the panel of SLS majors who visited the SLT class this afternoon. It was a fantastic opportunity for the SLT students to hear about the new SLS major from successful students. Several of the students commented that they really appreciated the chance to hear from actual students, not just faculty or advisors. It also gave them a chance to see a variety of paths available to them throughout their studies. The fact that you were in the SLT program was an added bonus, because it showed them what they could do!

Your rapport with the students, and the thoughts you shared about the program and the options available, were invaluable.

Again, we truly appreciate that you took your time to visit KapCC and help out these two programs.

With our sincere thanks,

Shawn Ford
Program Coordinator / Instructor
